I found the Firestorm Password the first day before class even got out by using the English rules and basic dictionary, the password is **jtfdr**. I didn't take a screen shot because we were writing the passwords on the board. Then the cleaning crew came in and wiped the board. (made me sad). I tried to crack the passwords of wonder women, black Vulcan, and gleek, but I couldn't find the passwords of any of them. (Black Vulcan was cracked by someone) no one has found wonder women Children's name of those saved, or gleek. Two files found multiple passwords,

Firestorm

- **Powers:** He can change anything that is not organic. He seems to have a great problem being trapped by organics...
- **Origin:** Not known yet, but he is a two part kind of hero, made up of him and some scientist.
- **Other Info:** Firestorm was not added to the show until the last two seasons.
